

1.3 Million Pink Slips Sent to Congress in First 5 Days

MEDIA ADVISORY, Sept. 30 /Christian Newswire/ -- In just five days, over one million pink slips are already being sent to Congress in a historic campaign being led by Faith2Action and WorldNetDaily.

"I believe this has the potential to be the most successful grass-roots effort in history," states Janet (Folger) Porter, founder and president of Faith2Action. "After all the town halls and tea parties and the massive demonstration in Washington, Congress still hasn't gotten the message. Now it's time to show them just how serious we are with a message aimed at what they most care about -- getting re-elected."

"This looks like a historic effort -- comparable to the massive march in Washington, the tea party rallies and the town hall actions," said Joseph Farah, editor and chief executive officer of WorldNetDaily. "I'm quite sure nothing like this has ever before been undertaken."

"With one click of a button we can now send all 535 members of the U.S. House and Senate a personalized pink slip -- reminding them that they work for you," declares Porter. "They'll also get the message that if they vote for Government health care, Cap & Trade, Hate crimes, or any more spending, their 'real pink slip' will be issued in the next election. Signed by you, their employer. It also asks them to write and inform us of what they intend to do."

Groups and individuals are being asked to email blast and link to:
