

Thank Representative McClintock for Opposing the House Health Care Bill

Dear Paul,

The health care bill passed by the House this weekend was exactly the wrong prescription for providing Americans better, more affordable health care.

Thankfully, Representative McClintock voted to oppose this reckless bill.

We will do what we can to help stop this bill in the Senate -- and we hope your Representative continues to oppose this bill in conference committee.

America needs health care reform -- not legislation that raises taxes for Americans, penalizes employers, restricts consumer choice and creates a government-run bureaucracy.

[Tell Representative McClintock they did the right thing.](#)

Every vote against this deeply flawed bill is a vote for real, meaningful health care reform.

Sincerely,
